

2014 IQHA Annual Charity Trail Ride

The generous participants of the 2014 trail ride managed to raise \$9,200 for Equine Assisted Therapy Programs in Indiana. It was not a packed house, with 175 participants, but it was a generous one. The auction was excellent and entertaining with the high bid item being the beautiful piece of framed art, "Sensational Magnum", a 24" x 36" ink on paper created and donated by the artist Missy Waggoner and purchased by Julie Beam.

Justin "The Artistic Horse" and his "manager", Adonna Combs, entertained us Saturday afternoon with a demonstration of his talents and a display of his works.

The weather and the trails were beautiful for a great ride weekend.

Thank you to all who attended, donated and volunteered to make it exceptional.

2013 IQHA Annual Charity Trail Ride

There was an exceptional turnout of 240 participants at the Midwest Trail Ride campground.

The proceeds of our ride raised \$9,400 for PATH, Intl. accredited Therapeutic Riding Programs in Indiana. Once again, at least half of these proceeds were from the auction held at the ride.

The future success of our Charity Trail Ride can only be accomplished through the donations received from individuals and businesses. Consider attending our ride or making a donation to this worthy cause. Donor's names will be added to our upcoming video and acknowledged at our ride.
